KidzArt is a **FUN**, art-enrichment program designed to enhance **drawing skills** and build each child's **confidence**. By using our simple drawing method and specialized format, students will learn to focus, relax and **think creatively**. Our Certified Instructors help students create original works of art, take risks and think outside of the box. Within each session, students will explore a variety of **artist grade materials**, such as oil and chalk pastels, watercolor, charcoal, clay, copper, textured papers and much more. Younger children practice following directions and using fine motor skills. Older children love having the creative freedom and guidance to further their skills. KidzArtists will bring home a new masterpiece each week with kid-tested and educationally rich curriculum that **NEVER REPEAT!**
